

Directions for Use:  
Gently apply to wet skin in a circular motion, concentrating on dry patches and rough areas of your skin. Avoid using the scrub on sensitive areas, in cuts or on skin that is irritated or sunburned. Sugar scrubs are not recommended for the face. Leave on for 3-4 minutes. Scrub will tighten on your skin. Thoroughly rinse with warm water.

Caution: the oil in the sugar scrub can cause the tub to become slippery.
